

Special conditions for VPS

Article 1: Purpose

The purpose of these special conditions is to define the technical and financial conditions under which AdKyNet undertakes to ensure the proper functioning of the Customer's VPS (hereinafter the "Service").

The Customer expressly acknowledges that AdKyNet does not participate in the design, development, implementation and installation of the Customer's website and its management and administration tools.

Article 2: AdKyNet's obligations

AdKyNet undertakes to intervene quickly in case of problem. AdKyNet undertakes to notify the Customer in case of maintenance on the infrastructure via the website <https://travaux.adkynet.com>. AdKyNet undertakes to maintain the "host" servers in good working order and to keep them updated 24 hours a day, 7 days a week. However, AdKyNet commits to keep the hosts up to date to allow a better security for the customers.

Article 3 : Support

AdKyNet provides the Customer with technical support under the conditions set out in the general terms of sale and general terms of use.

Article 4: Customer responsibility for VPS

The Customer undertakes to respect the rights of third parties and other intellectual property rights. In particular, the Customer agrees not to make files or hypertext links available to the public via the sites hosted on the Resources, in violation of intellectual property rights, to set up unrestricted access services with the aim of allowing large quantities of downloads on file hosting platforms, to use spamming or the sending of unsolicited e-mails on the Internet, as defined in particular in Article L.34-5 of the code of posts and electronic communications, to carry out activities of intrusion and/or attempts of intrusion (port scanning, sniffing, spoofing...), and more generally any activity or litigious behavior such as exchanges of traffic (Hitleap, Jingling...), Black Hat SEO (Download, Reupload of videos), Bots of video games, Cryptomoney mining, DoS, DDoS, etc...

Article 5 : Responsibility of AdKyNet

AdKyNet reserves the right to interrupt the service, in particular if this server constitutes a danger for the maintenance of the security of the AdKyNet hosting platform, whether as a result of a hacking, the reasons indicated in article 4 or the updates of the site not made resulting in the detection of a security flaw in the system. AdKyNet undertakes to restore the connection at the request of the customer.

Article 6 : Confidentiality

All data stored in the VPS remain and will remain confidential. However, in the event of a judicial requisition, AdKyNet will be obliged to provide the information required by the courts.

Article 7: Conditions related to Anti-DDoS protection

AdKyNet provides a protection to protect its operational network during an attack. Within the framework of this protection AdKyNet reserves the right to interrupt the customer's service temporarily in the event of an attack.
